Highlights

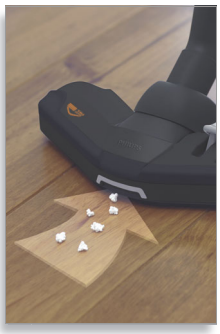
Aerodynamic design

The Tri-active nozzle has an aerodynamic design that guarantees optimal suction power.

Side brushes

The side-cleaning performance of the Tri-active nozzle is 50% higher than that of other nozzles in the segment.

Front opening



The Tri-active nozzle picks up four times more big particles in one stroke than ordinary nozzles.

Two adapters

Two adapters make it possible to connect the nozzle to tubes of most vacuum cleaner brands (Ø 32 - 35 mm)
